

# COMPREHENSIVE PLAN UPDATE

## Onalaska Urban Growth Area

### COMPREHENSIVE PLAN UPDATE

THESE MAPS HAVE BEEN PREPARED AS PART OF THE UPDATE TO THE LEWIS COUNTY COMPREHENSIVE PLAN. IF YOU HAVE THOUGHTS ABOUT THE PROPOSALS, PLEASE IDENTIFY YOUR PERSPECTIVES ON THE SHEETS BELOW OR SEND THEM TO [FRED.EVANDER@LEWISCOUNTYWA.GOV](mailto:FRED.EVANDER@LEWISCOUNTYWA.GOV)

### Making a UGA

As part of this Comprehensive Plan update, Lewis County is considering designating Onalaska as an Urban Growth Area. This change would allow some additional development in and around the community.

### Defining the Area

The likely shape and size of the growth area would be influenced by factors such as environmental conditions and existing development characteristics. Potential areas that may experience new residential development are shown on the development potential map at left (bold numbers represent the number of new lots that could be created as a result of a future subdivision). Potential locations:

- For new public lands are shown as P-1.
- For new commercial/lands are shown as C/I-1, C/I-2, and C/I-3.

### Planning for Physical Activity

In addition to defining the extent of the area, the Comprehensive Plan would lay out a future concept for a pedestrian system in Onalaska. A draft of this system (shown at left) would attempt to link existing parks, schools and commercial areas.
